

REMARKS

The undersigned counsel for the applicants is unable to determine the basis in the Notice that the specification as filed could not be scanned, including an indication that on page 14 there were copy marks present that do not comply with 37 C.F.R. 1.52(a), because the copy of the specification in the applicant's file has no copy marks. However, the issue is believed to be moot considering the substitute specification filed herewith.

This Amendment is believed to fully comply with the Notice to File Missing Parts of Non-Provisional Application, dated March 24, 2004. The applicant has enclosed a check in the amount of \$130.00 to cover the cost of the late filing of the Declaration and Power of Attorney. It is believed that no additional fees are due, but if there are, such amount should be charged to Deposit Account No. 13-2166.
